2026-2027
SNOW SEASON

Island Park Services

Snow Removal Proposal

At Island Park Services, we take pride in delivering dependable, high-quality snow removal tailored to the needs of your community. With years of experience clearing roads, driveways, and shared spaces, our focus is on keeping your property safe, accessible, and winter-ready.

This proposal outlines a comprehensive snow removal plan, including service tiers, equipment capabilities, and optional add-ons. Our goal is to offer transparent pricing and flexible scheduling so you can choose the plan that best fits your needs.

Island Park Services

About Us

- NEW OWNERSHIP -

In 2025, Island Park Services began an exciting new chapter under new ownership dedicated to continuing that legacy of dependable service while investing in growth, modern equipment, and a customer-first approach.

The new leadership brings deep Idaho roots, a passion for serving the community, and a strong background in exterior and seasonal services. With renewed focus and expanded capabilities, we are committed to delivering timely, professional snow removal that meets the evolving needs of residents, HOAs, and commercial properties in the Island Park region.

SERVICES PROVIDED

Excavation and Land Prep

Snow Removal

Utilities

Material Hauling

Demolition

Septic

Island Park Services

OUR EQUIPMENT

Snow Removal Equipment

We use heavy-duty rotary snow blowers to clear deep snow efficiently and leave roads clean from edge to edge. Our plow trucks are equipped with high-performance blades to quickly open up roads and driveways during active snowfall. Together, this combination allows us to clear snow fast while maintaining safe, accessible surfaces all season.

Plows

Blowers

Snow Removal

Snow Poles

To help ensure safe and accurate snow removal, our team offers snow pole marker installation in late fall—before the snow starts to accumulate. These tall, highly visible markers indicate the edge of driveways, roads, and other key features, helping our operators avoid damaging property while clearing snow. With the extreme snowfall common in Island Park, these markers are essential for visibility and allow us to perform our job safely and precisely throughout the winter.

PRICING

This would be a one time charge to fully equip the HOA with proper markers.

One time charge:

Approximately $65 per pole

*If you choose not to have us install proper markers on roads and around properties, IPS is not responsible for any damage to property.

Snow Removal

HOA Shared Roads

We have TWO options for snow removal methods:

Both options require the blowers to be used

Option 1: PLOW first then BLOW roads

This option allows roads to open more quickly, but we still need to come back and blow them afterward to get the pile of snow out and away.

Option 2: Just BLOW the roads

This option take longer for us to get roads opened up, but doesn't require a plow to go first before using the blow

PRICING

Plow: Hourly rate of $145/hr.

Blowers: Hourly rate of $165/hr.

We will begin plowing/blowing snow after 4-6 inches of accumulation

Snow Removal

Private Owner Roads

If you'd like your personal driveway cleared, we offer both **REGULAR** service and flexible **WILL-CALL** options to fit your needs.

PRICING

Regular Customers: $165/hr.

20 min minimum and increases in increments of 5 minutes

***Regular customers receive the truck plows or blower after 4-6 inches of accumulation to keep your property safe and accessible.

Will-Call Customer: $175/hr.

1 hour minimum and increases in increments of 5 minutes

***Will-call customers are not part of the regular plow schedule; we'll dispatch service only after you contact us to request it.
